Pete Rokas

Class of 2016 Northern California Athletic Hall of Fame

Pete Rokas made his name in Boxing! Not in the ring itself, but in the scheduling, managing, and promoting. This was over a period of over 30 years. In recent years, Mr. Rokas was honored by being entered into the California Boxing Hall of Fame. What follows is a brief story of his life, a life that eventually took him well through the world of Boxing.

Pete Rokas was born in Fresno, California on July 17, 1932. A first generation of immigrant Greeks, Pete grew up in Fresno, serving as Altar Boy in his church, attending schools from grade level through Fresno High School. Throughout this period, from the time as a little boy, he was taken by either his uncle or his father to a local boxing arena to watch matches. He saw many. Even though his life took him into other areas of interest, he always returned to boxing. He moved for a time to Southern California, studying to become an X-Ray Technician. This development would serve him well. When the Korean War broke out and a military 'draft' began,

Pete was inducted into the Army. And following Basic Training, where did he go? He went to work in military hospitals - as an X-Ray Technician.

Rokas was discharged from the Army two years later. He returned to Fresno, found work again as a Technician. But Boxing soon drew him closer to the 'ring'. With a friend, also a lover of boxing, he/they sought to set up a match between a known boxer Jose Becera and some other boxer! But who? How to do this, i.e set up this match between Becera and someone else here in Fresno? He sought help and guidance. In some manner, he was put in contact with a well known Los Angeles boxing promoter, George Parnassus. Now Parnassus is a Greek! His inquiry was received, and with Parnassus' help, an exhibition match between Becera and a boxer named Walter Ingrahm was set up - in Guadalajara, Mexico! It was done, the fight took place. It was well received in Mexico. Unfortunately, boxer Ingrahm was found dead in his hotel room later, probably from injuries from the fight. From that time on, George Parnassus was viewed by Rokas as a 'Mentor', one with whom Pete had a professional life of contact.

From that time on, 'boxing promoter', Pete Rokas, staged matches for the rest of his professional career - mostly taking place in Fresno, California. Over the next years, Pete would promote approximately one match each month. Also over those years, he was able to attract well known boxers to the Fresno arena including Mohamed Ali and Wayne Thornton, among others. He continued his relationship with Parnassus in Los Angeles helping set up matches there. He even traveled to Greece hoping to set up a match there; he could not penetrate their system.

Now retired, Pete Rokas maintains his membership with Fresno Chapter AHEPA #151. He has traveled to Greece numerous times, always visiting the village from whence came his parents. With his lovely wife, Dora, he has traveled broadly, once to India, several times to Mexico and cruises through the Caribbean. Pete Rokas was thrilled when inducted into the California Boxing Hall of Fame and also upon receiving a commendation from the City of Los Angeles upon this recognition.

Welcome Pete to the Northern California Ahepa Athletic Hall of Fame class of 2016.

Sop and Maids Committee Report.

BOB Sexton, Stamus Cocolis, Steve Semoulidis, Vasili Karapanos, Kathy Leales, and PJ

First thing getting the Sons and maids involvement at conventions. I know its been a while that we have had a sons and maids in the district. But its time to start involving them. Which brings me a Challenge to San Jose. Get a sons and maids group together and to participate in next years convention.

If you have noticed our sons are bored. There is nothing for them to do at the convention.

Have Stockton/Fresno to set up a volleyball team to send them to the volleyball tournament in San Jose in October. As the also can network out there as well. Also to have the sons hold a dance/ glendi for surrounding areas to help promote the Sons/maids.

In conclusion this is our future if we don't help them. It might just go away.
